## **Conference Scope:**

The scope of the conference is to address the latest advances in theoretical developments, numerical modelling and industrial application which will promote the concept of simultaneous engineering. Typical combinations would involve a selection from subject disciplines such as Acoustics, Electrics, Impact, Explosions, Fire, Fluids, Magnetism, Nuclear, Soil, Structures and Thermodynamics.

## **Board Members:**

The board of the International Conference of Multiphysics includes:

**Chair:** Moatamedi M, The International Society of Multiphysics

## **Scientific Committee:**

Albahkali E, King Saud University, KSA

Alzahabi B, Kettering University, USA

Benson D, University of California, USA

Boiger G, Zurich University of Applied Sciences, Switzerland

Chen P, Beijing Institute of Technology, China

Elger G, Technische Hochschule Ingolstadt, Germany

Gabrys J, The Boeing Company, USA

Giannopapa C, European Space Agency, The Netherlands

Kayvantash K, CadLm, France

Kwon Y, Naval Postgraduate School, USA

Martowicz A, AGH University of Science and Tech, Poland

Oechsner A, Griffith University, Australia

Ren Z, University of Maribor, Slovenia

Schäfer M, Darmstadt University of Technology, Germany

Shahrour I, University of Lille, France

Souli M, University of Lille, France

Soutis C, University of Manchester, UK

Tehrani A, Office for Nuclear Regulation, UK

Wakes S, University of Otago, New Zealand

Wang C, Beijing Institute of Technology, China

Wolf K, Fraunhofer Institute, Germany

T Zeguer, Jaguar Land Rover, UK

## Call for the papers:

Authors are invited to submit abstracts of papers of up to 300 words written as a stand-alone paragraph containing key objectives and conclusions in addition to the preferred form of presentation (oral or poster). Abstracts should contain the title of the presentation, names of all authors with their affiliations, and the full contact details of the corresponding author.

Authors will be invited to submit full length papers for publication in 'The International Journal of Multiphysics'.

Abstracts can be submitted online via <http://www.multiphysics.org/conference>

---

## Key Dates:

Abstract Due	31 August 2024
Notification to Authors	15 October 2024
Final Authors Registration	31 October 2024
Full Paper Submission (Journal Publication)	31 January 2025

---

## Registration:

Registration fees, which include the abstracts book, coffee breaks, lunches and conference banquet, are as follows:

	Registration
Delegates	£500
Students	£375

Registration include Article Processing Charge (APC) for one journal paper and one year Society membership.

---

## Conference Language and Publication:

The abstracts submitted for the conference will be published in 'The International Conference on Multiphysics Abstract Booklet, ISSN 2409-1669.' Following the conference, authors will be invited to submit full length papers for publication in 'The International Journal of Multiphysics, ISSN 1750-9548'.

The official language will be English, both for oral and poster presentations.

---

## Exhibition and Sponsorship:

Companies interested in sponsoring and/or presenting their most recent developments, products and services in the Exhibitions area should contact Society Coordinator for further information.
